
Centre for Sport Parking – Hockey and Netball 2009/10 Season

The Centre for Sport at the University of the West of England has seen a significant increase in the requirement for car parking space at peak periods. These periods include after 4pm weekdays and all day on the weekends. We have a limited car parking capacity directly adjacent to the centre and we are now often reaching this capacity.

We understand that car parking is causing some frustration particularly on a Saturday when we have Avon Netball, 2 partner hockey clubs and also our own gym users parking at the centre. We are committed to resolving the frustration and have sourced additional parking for both home and visiting teams for the 09/10 year;

- 1) **NO PARKING** is permitted in the Centre for Sport car park for netball and hockey players and umpires (we need to save these for the Centre's gym members). The university has purchased HP land behind the astro pitch which includes extensive car parking adjacent to our all weather pitch. Please see the aerial photo below to show where you are able to park and walk through towards the Centre. All Hockey and Netball players and umpires will need to use the HP entrance and park where the arrow shows.
- 2) Please ensure all visiting teams have been informed of the new arrangements.
- 3) Please if possible try to car share.
- 4) As you are parking in alternative car park, bags, kit and equipment can be unloaded at the Centre for Sport to prevent you carrying large and heavy kit. Please give yourself plenty of time to drop off and then go and park over in the new car park.
- 5) Please can you also not park in the disabled parking bays as we do have disabled members using the Centre.
- 6) Students are not permitted to park in the Centre for Sport car park, again hopefully this will free space up for our members/users of the Centre. If they are caught parking then they will be issued with a fixed penalty notice.

Thank you for your assistance
